

/WE NEED YOUR HELP/

ccupant,

Are you having electrical difficulties due to the radio signals from KOKS FM radio station?

Most people in this area cannot receive channels 6, 15, or 8 during the day due to the radio programing of KOKS. Channel 12 is weak and some music is picked up on it during the daytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. *Now 24 hrs.*

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and neccessary equipment is being effected in our households and bussinesses. V's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with static, or a blank picture. On your stereo systems and radios you will frequently receive only KOKS radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children do not enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our neccessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okay, but we need to let the station know these problems exist.

These letters will be sent to neccessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and neccessary equipment is being effected in our households and bussinesses. TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with static, or a blank picture. On your stereo systems and radios you will frequently receive only KOKS radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children do not enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our neccessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to neccessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

CALLLED ON 1-5-89 AND WENT TO HER HOUSE ON 1-5-89 AT 1:30 P.M.
PUT FILTER ON TV AND RADIO RECEPTION VERY GOOD STILL SOME
NOISE IN BACKGROUND ON RADIO SHE HAS HER TV AND ELECTRIC LINE
WRAPPED TOGETHER COMING INTO THE HOUSE WE HAVE TOLD HER
SEVERAL TIMES THIS NEEDS TO BE CHANGED BUT SHE SAID NO.

We have been told by the KOKS radio station "we will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. THE STATE OF MISSOURI to Defendant

Calvary Educational Broadcasting Network d/b/a KOKS
REGISTERED AGENT: DON STEWART
KOKS Radio Station
Barron Road
Poplar Bluff, MO

You are hereby summoned to appear before the above-named court and to file your pleading to the petition, copy of which is attached hereto, and to serve a copy of your pleading upon Mary L. Dilks, Attorney at Law with Firm of L. Joe Scott - Daniel T. Moore

attorney for plaintiff, whose address is P. O. Box 1288, Poplar Bluff, MO 63901
, all within 30 days after service of this summons upon you,
exclusive of the day of service. If you fail to do so, judgment by default will be taken against you for the relief demanded in the petition.

(Seal of Circuit Court)

Dated January 17, 1989

Wanda Ellsworth

Circuit Clerk

By Letty Ellsworth
Deputy Clerk

DIRECTIONS TO CLERK

The clerk should insert in the summons the names of only the defendant or defendants who are to be personally served by the officer to whom the summons is delivered. The summons should be signed by the clerk or deputy clerk under seal of the court and a copy of the summons and a copy of the petition for each of such defendants should be delivered along with the original summons to the officer or other person who is to make service. The copy of the summons may be a carbon or other copy and should be signed and sealed in the same manner as the original but it is unnecessary to certify that the same is a true copy. The copy of the petition may be a carbon or other copy and should be securely attached to the copy of the summons but need not be certified a true copy. If plaintiff has no attorney, the address of plaintiff should be stated in the summons, and the words "attorney-for" eliminated. (See Rules 54 and 55.25).
